

BARSHESET - RIBAK
SHOFAROT ISRAEL

15 GENERATIONS OF QUALITY CRAFTSMENSHIP

A TRADITION OF EXCELLENCE

A tradition that began in the 14th century and now employs the most advance technologies available today, Shofarot Israel brings together the talents and craftsmanship of two families that produce shofarot of outstanding quality.

Each shofar is hand made with great love and attention to detail and with methods held as family secrets developed by the Bar Sheshet and Ribak families.

The Bar Sheshet family began producing shofarot in 14th century Spain, when the son of the “Ribash” supported his family through the manufacture of combs and spoons from ram’ s horns and soon after shofarot. With the expulsion of the Jews from Spain the family migrated to Morocco, and there they continued the production of shofarot until 1947. In that year, Meir Bar-Sheshet fled to Israel on the refugee ship “Exodus” . Starting in 1948, he continued to produce shofarot. Today his son, Zvi Bar-Sheshet continues with this family tradition.

The Ribak family arrived to Israel from Poland in 1927 and were among the first founders of the City of Tel Aviv. They brought with them their tradition of producing shofarot and the tools for their manufacture. The Ribak family established their workshop in the new city of Tel Aviv, and today a new generation has continued crafting shofarot by bringing together traditional techniques and modern methods.

Eli Ribak, the son of Abraham Ribak and Zvi Bar-Sheshet the son of Meir Bar-Sheshet continue a partnership for the crafting of shofarot. A partnership that brought together the knowledge of generations. The fruits of their labor are sent around the world.

Bar-Sheshet-Ribak Shofarot Israel produces all types of Shofarot of the highest quality.

If you are interested in learning more about the crafting of Shofarot from the artisans themselves, you are invited to contact us as per the information below.
